Airport Community Consultative Committee (ACCC)

2026, Q2 Meeting

Date: Thursday, June 11, 2026

Time: 6:00 – 7:30 PM

ITEM	PRESENTER
1. WELCOME (10 MINS) a. Land Acknowledgement b. YYC Updates i. New projects: energy efficient lighting, air quality monitoring units, and curbside bollard installations. ii. Everyone is invited: YYC Stampede Breakfast on Wednesday, July 8th, from 8:00am to 11:00am. Parking will be validated. c. Terms of Reference i. New Terms of Reference were proposed. These will be approved at the Q3 meeting.	Gabriela Soto, Calgary Airports
2. PASSENGER UPDATE (5 MINS) a. Strong numbers 3. New Stopover Program from Tourism Calgary and WestJet was launched and we expect some positive operational and commercial impacts, plus tourism spending growth in Calgary more broadly.	Dionne Crutchley, Calgary Airports

4. NAV CANADA (10 MINS) a. Detailed discussion on Airport Zoning Regulations (AZRs), airspace design, regulatory frameworks, and the challenges of coordination urban development with airport operations.	Ian Giesbrecht, NAV Canada
5. ENVIRONMENT (10 MINS) a. Aircraft noise and operational update i. Plans to review and possibly relocate some Noise Monitoring Terminals if needed. ii. Work on the development of a public noise data dashboard in ongoing. iii. Reminder that if community members raise noise concerns with their community association to please ask them to submit their concern to our noise monitoring program. This ensure Calgary Airports is able to track noise events and their frequency across the City.	Megan Roche, Calgary Airports
6. SPECIAL GUEST - SECURITY a. Presentation on different security that happened at other airports that led to the innovation of new security measures: i. Frontier Flight 4345: led to new specification for fencing. At YYC we have razor wire around out entire fence line and we have also put fence hardening around the base. ii. CATSA was created after 9/11 to unify screening across Canada. iii. The Underwear bombing incident led to full body scanners. b. Technology is growing which allows us to be more efficient and successful at preventing security incidents.	Justin Sangster, Calgary Airports

c. Discussion about the W5 (bag tag swapping) investigation. YYC has a very advanced baggage system making it unlikely that such an incident would happen while the bag is in the care of the airport.	
7. ROUNDTABLE (15 MINS) a. Next meeting: virtually on September 10, 2026	All
