### AGENDA REVIEW

1. YYC Update:
  - a. Adam provided an update on Government & External Relations staff changes, new brand, pond odour, Stampede Pancake Breakfast and Rotary International.
  - b. Natalie provided an update about G7.
2. Operations Update:
  - a. Q1 had a total of 4.08 million passengers.
  - b. Several large events in the Calgary region will help continue to attract passengers.
3. West Runway Rehabilitation:
  - a. Update on the project and process that has been made for Phase 5: March 31 – July 15 includes demolition south of RWY 11/29, asphalt milling, concrete

crushing, storm line installation and wooden pipe replacement, duct bank installation, and approaching light system in the golf course.

4. NAV Canada
  - a. Patterns of arrivals and departures during West Runway construction in May 2025
  - b. G7 recap, airspace closures and impacts, Remotely Piloted Aircraft System (RPAS) update, and NAV Drone app.
5. Environment and Noise Update
  - a. Environment team departure update.
  - b. NMT repair update for Temple, Inglewood, Beddington and Country Hills.
  - c. Operational dashboard forthcoming.
  - d. Reviewed how noise concerns changed during West Runway construction and how Calgary Airports responded to these changes in preparation for construction in summer 2025.
6. Aurora Area Structure Plan
  - a. Presentation to ACCC of the long-term planning document that guides growth and development of undeveloped lands into a complete community.
7. Roundtable Discussion
8. Next Meeting: September 18, 2025
